

Success in implementing our projects
with the highest quality standards....

Saudi Vision 2020-2030

Saudi Arabia **Vision 2030** has several goals, one is to be the global leader in e-government.

MY PRIMARY GOAL IS
TO BE AN EXEMPLARY
AND LEADING NATION IN
ALL ASPECTS, AND I
WILL WORK WITH YOU IN
ACHIEVING THIS
ENDEAVOUR...

Custodian of the Two Holy Mosques
King Salman Bin Abdulaziz Al-Saud

Shadan United Est. is integral to today's advanced industrial activities alongside many private companies as Saudi Vision 2030 aims to transform Saudi Arabia into a globally competitive ICT hub, with modern technologies and an empowered information society.

The ambition envisages many investment themes, including the development of the digital content and media, the expansion of the telecommunication system, the digitization of the country, and the creation of new high-tech and smart industries.

Who are we?

And by representing several international companies specialized in this field for decades, we have developed our products to include all needs specialized work environments of protection devices, communications, and classroom equipment and programs.

Shadan United Trading Overview

Shadan United Trading EST. was founded in 2015 In the Kingdom of Saudi Arabia.

With certified resources, strong technology pedigree, effective business alliances and solid customer base, Shadan Trading Est. is able to provide high quality projects using simple methods.

2030 VISION ... A Bridge to the future

A nighttime photograph of a city street with long-exposure light trails from cars. In the background, a tall, modern building with a distinctive curved top is visible against a dark, cloudy sky. The scene is illuminated by streetlights, creating a warm glow. The overall mood is dynamic and urban.

Our Goal

Our goal is to help our clients achieve their requirements at great satisfaction.

We are greatly excited about adding new leaders to our organization. We have new consultants who have a vision and strategy for market growth and development.

Our Vision

We are honored in the **Shadan United** to be one of the companies contributing to the process of giving and the renaissance witnessed by the dear country. In the **Shadan United**, we were inspired by our success from the fertile environment in our dear kingdom that allows the business world to succeed and excel, and helped us in that by adhering to the honorable professional ethics derived from our true religion, as well as the supporting organizations to create a distinctive and successful environment within the vision of the Kingdom 2030.

And with the presence of a group of qualified engineers, technicians, with experience and practical competence who contribute significantly to advancing the company's success, taking knowledge and experience as tools to complete their work in the most perfect manner, scientific and precise engineering manner.
